Total Major hours: 50  
Suggested hours per semester: 16-18

## Major Academic Plan (MAP) for Catalog Year 2022-2023

The catalog is the final authority on CATC and major requirements; this is intended as a tool for planning purposes. Student course sequencing may vary depending on course offerings and other variables.

### Notes or Special Guidance for Majors:

\*Course has prerequisite

† Fall only course

‡ Spring only course

# Offered every other year

<sup>1</sup> Computer Science courses that meet CATC tags (with max of 3 major counting for Christ at the Core Thematic Core): CSCI 235 (AAQR), CSCI 243 (AAQR), MATH 231 (AAQR), PHYS 231 (SP)

<sup>2</sup> Select 12 additional credits of Computer Science electives above 300 excluding CSCI 493 Mentoring Seminar, CSCI 495 Independent Study, & CSCI 496 Internship. Note: CSCI elective courses are on a two-year rotation.

<sup>3</sup> Appropriate substitutions for students placed out of CSCI 235 are:

- 4 hours of computer science above 300 (excluding CSCI 496 Internship).
- MATH numbered MATH 232 or above, or
- PHYS 232

-See the program website for [model schedules](#) tailored to specific situations, including students who enter college with credit for calculus, students who enter college with AP computer science or comparable prior experience, and students who wish to complete the major in six semesters.
