

# POST-CAMP BIBLE STUDY TOOL

## A FRAMEWORK FOR STUDYING THE BIBLE AFTER CAMP

This resource, provided by Covenant Point, provides campers with structure for studying the bible at home in a way that is similar to what they do at camp.

Bible study is an essential component of most Christian summer camp experiences. Whether in a large group or small group setting, Christian camps take seriously their role as teachers of scripture. But Christian camps also provide opportunities for campers to learn HOW to study scripture and it is important that we provide them with tools to continue to develop that skill after camp.

Consider choosing 5-10 scripture passages that build on the theme of your camp session, and send campers home with multiple copies of this sheet, each with a new scripture passage listed at the top.

To increase engagement and maintain connection with campers, consider providing campers with prepaid envelopes and encourage them to send their completed studies back to camp. Then, camp leaders can respond to campers' reflections and even send them additional bible study packets, if they are interested!
